About Comal

Comal S.p.A. is a company active in the plant engineering sector to produce energy from solar sources, with headquarters in Montalto di Castro (VT). Founded in 2001, the Company builds large-scale photovoltaic systems with EPC-M (Engineering, Procurement, Construction Management) and O&M (Operation & Maintenance) formula. Comal takes care of the design, construction of structural and robotic components, installing the system, testing, commissioning, and maintenance (turn-key project). In addition to photovoltaic plants' construction, the Company also carries out ordinary and extraordinary maintenance at power plants that produce energy from conventional sources (mostly thermoelectric plants). Furthermore, it is a pioneer in constructing photovoltaic systems in Grid Parity - economic convenience without incentives. For further information: www.comalgroup.com
